Priorities and Barriers

An interactive discussion

The workshop moves from shared questions to action

TUESDAY

**Shared priorities,
barriers and
questions for the
week**

WEDNESDAY

**Country
approaches and
pathways to first
use**

THURSDAY

**Collaboration map,
uptake journeys

Project roadmap**

Each day gives the next day a stronger starting point.
We will revisit points from this session throughout the week.

By 11:00, we will have a shared picture of four things

1

PROJECT SUCCESS

What success would look like by the end of the current project period

2

PROJECT BARRIERS

What within our control or influence could prevent or delay it

3

WORKSHOP QUESTIONS

What we need to clarify, learn or decide this week

4

WORKSHOP OUTCOMES

What we want to leave the workshop having accomplished

First, capture your own perspective

PROJECT SUCCESS

What would success look like for you by the end of the project period?

PROJECT BARRIERS

What, within our control or influence, could prevent or delay it?

WORKSHOP QUESTIONS

What do we need to clarify, learn or decide this week?

WORKSHOP OUTCOMES

What do you want to leave this workshop having accomplished?

10 minutes. One idea per sticky note. 1 or 2 sticky notes per question. Names are optional.

Discuss the questions in small groups

Look for common priorities and important differences

PROJECT SUCCESS

What would success look like for you by the end of the project period? (Bea)

PROJECT BARRIERS

What, within our control or influence, could prevent or delay it? (Leandro)

WORKSHOP QUESTIONS

What do we need to clarify, learn or decide this week? (Nathalia)

WORKSHOP OUTCOMES

What do you want to leave this workshop having accomplished? (Emily)

15 minutes

When you're done, add your
stickies to the correct sheet

Gallery walk and voting

NOTICE

Themes that appear

COMPARE

**Differences that
reflect country
context**

ROUTE

**Questions that
belong in later
workshop sessions**

Use three dots to vote on the barriers that most need attention (Leandro) and three dots for the questions we most need to address this week (Nathalia). You may place more than one dot on the same item.

15 minutes

Which issues should we carry into the rest of the workshop?

TUESDAY

Technical follow-up

Questions for the biomass
methodology and Pasto
Legal sessions

WEDNESDAY

Country follow-up

Questions to examine
through the country
presentations

THURSDAY

Collaboration and roadmap

Issues to develop through
uptake journeys and next
steps

WHAT HAPPENS NEXT

We will keep these questions visible throughout the workshop.

Wednesday will show how they play out in each country.

Thursday will feed them into uptake pathways and a practical roadmap.
